About the Office of Institutional Research

The Office of Institutional Research specializes in developing information for strategic planning, assessment, decision-making and reporting required by the KSC community. A major responsibility of the IR office is to provide official statistics about the College both to external agencies and for use by KSC in on-going planning and management efforts.

The following are examples of the types of information maintained by the IR Office:

Information to support policy and planning initiatives, such as Retention analysis, survey research (including CIRP, Graduating Student Surveys, and Admitted Student Surveys), classroom space analysis, and faculty workload analysis.

Data that describes the College in general, such as enrollment and completion statistics.

Data to respond to government reports (IPEDS, NCATE, NCAA), reaccreditation (NEASC), and publisher's surveys.

Information to help with on-going planning and assessment, both strategic and operational, such as performance indicators, Our Plan assessment, and comparative data.

Most of the information and publications produced by the Office of Institutional Research is available on our web site www.keene.edu/ir.

Definitions	**First-Time, First-Year Students** are those incoming students who have been admitted for the first time with no credits (other than those earned in advanced classes taken in high school). **Transfer Students** are those incoming students who are coming into the school with credits from another college. **Ethnicity** is gathered from all students at the point of entry according to federal guidelines. Minority data is only collected on United States Citizens. In 2003 the college began collecting data on bi-racial students. This category is counted as "Other" in federal reporting.

Demographics

Fall and Spring Class Counts	Trend of headcounts of all matriculated undergraduates in each class level for Fall and Spring
Class Breakdown by Gender	Trend of headcounts of all enrolled students at each academic level by gender
Geographical Distribution	Trend of home states of all Matriculated Undergraduates Trend of the home countries of International Undergraduates
Distribution by County	Trend of headcounts of home counties of matriculated undergraduates who are New Hampshire residents
Age Distribution	Trend of age ranges of students Trend of age range percentages of students Age data is taken at the first day of classes plus 30 days (R+30)
Student Ethnicity Statistics	Trend of student ethnicity
Degrees Awarded	Trend of total degrees awarded during each fiscal year. Degrees awarded at Spring, Fall and Winter Commencements are counted. Students may "walk" across the stage without receiving a degree.
Definitions	**Academic/Class Levels** are based on the number of credits a student has completed - Freshman have completed 0-29 credits, Sophomores have 30-59, Juniors have 60-89 and Seniors have 90 or more credits **International Student** is a foreign citizen student regardless of visa status **Walking** - prior to 2001, students who wanted to graduate with their class but hadn't completed the Bachelor's degree requirements could "walk" across the stage with an Associate's Degree. The current policy allows students to "walk" without their degree, if they can complete the requirements in time for Fall or Winter commencement dates. The degree is awarded upon completion of the requirements.

Courses and Programs

Class Size	Fall trend of average undergraduate class sizes, fall class size with enrollments and fall class sizes by lower and upper level. Spring trend of average undergraduate class sizes, spring class size with enrollments and spring class sizes by lower and upper level.
Fall Enrollment and Credit Hours by Division and Discipline	Trend, by division, of the number of students enrolled in each discipline, and the credit hours generated by those enrollments.
Programs Selected By First-Time, First-Year Students	All students select an area of interest when they enter. These pages show a trend, by division, of the programs of interest selected by all first-time, first-year students.
Academic Programs by Class	After selecting an area of interest, students are then required, before their Junior year, to formally declare a major and possibly be admitted to their program of choice. These pages show, by division and by class level, all students either "interested in" or formally admitted and declared in a program at the time of R+30 of the fall semester.
Declared Majors	Trend, by division, of all active students who have formally declared their major.
Majors At Graduation	Trend of the majors of those who graduated in each fiscal year.
Minors	Trend of all declared minors.
Definitions	**Lower Levels** are classes with course numbers between 100 & 299 **Upper Levels** are classes with course numbers between 300 & 499 **Graduate level** classes are numbered between 500 & 699 **Post Baccalaureates** are students with a Bachelor's degree returning for teaching certification - counted as undergraduates.
